

## REMARKS

Applicants have reviewed and revised the specification and claims to put them in more usual format and language for prosecution in the United States. The changes are almost exclusively editorial in nature and do not involve the introduction of new matter.

Attached hereto is a marked-up version of the changes made to the specification and claims by the current amendment. The attached page is captioned "Version with markings to show changes made".

In the event that the transmittal letter is separated from this document and the Patent and Trademark Office determines that an extension and/or other relief is required, applicants petition for any required relief including extensions of time and authorize the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952 referencing docket no. 360842008200.

Respectfully submitted,
